# BOARD SETTLES STATUS OF OLD ROAD

GREER ROAD AT WOODSIDE IS  
DECLARED COUNTY HIGHWAY;  
BOARD TO TAKE PART IN BIG  
SANTA CRUZ ROAD OPENING.

The county supervisors met in special session at Redwood City Monday, the object of the meeting being to decide the status of Greer road at Woodside. Some weeks ago a complaint was received by the board from A. C. Hellman, stating that a neighbor, F. H. Huddart, had built a fence across the road which prevented him (Hellman) from reaching some of his property. The question for the county officials to decide was whether it was a county highway or not. The matter came in for considerable discussion, with the outcome that the road was declared a county highway. If Huddart refuses to remove his fence, the matter will be taken into court. From a statement of County Surveyor Geo. Kneese, it seemed that the road was deeded to the county in 1887. District Attorney Franklin Swart stated that the mere deeding to the county did not necessarily mean that it was a county road, it being necessary for the supervisors to formally declare it such. This was accordingly done, it being shown that the road had been used as a public highway for many years.

A communication was received at the meeting from the Santa Cruz Chamber of Commerce, inviting the board to join the parade to be held Friday of this week to celebrate the formal opening of the new Los Gatos to Santa Cruz highway. The invitation was accepted. The parade will proceed from the civic center in San Francisco out Mission street to the state highway, down the peninsula, then to Los Gatos, and over the new road to the beach city. Starting at 12:30, it is expected to reach Santa Cruz at about 5 o'clock.

County Purchasing Agent E. H. Werder was authorized to secure new motorcycles for traffic officers in the Fourth and Fifth townships, turning in their old machines on the new ones.

As Monday, September 5th, is a holiday, the board will hold its next meeting Tuesday, September 6th.

## LADIES' AID FOOD SALE.

The monthly food sale of the Ladies' Aid of St. Paul's M. E. Church will be held Saturday, August 27th, at 2 p. m., at Carmody's store. The committee in charge is Mrs. E. Stahl and Mrs. I. M. Dotson.

## CITY MARSHAL GAUDETTE TENDERS HIS RESIGNATION

T. E. Gaudette, marshal of San Bruno for the past eight months, has resigned his office and turned his star and revolver over to the city officials, much to the regret of his many friends.

Gaudette succeeded William F. Wedell as marshal at the time Wedell resigned owing to the pressure of private business. His resignation is said to be due to the fact that he was called East suddenly on account of the settlement of an estate in which he is interested and which necessitated his presence. Whether he will return to San Bruno to make his home is uncertain.

## GANG TIES AND GAGS WATCHMAN AT SHIPYARD

It is reported that a gang of several men broke into the yards of the Western Pipe and Steel Company last Friday night and, after binding and gagging the nightwatchman, made a search of the yards and of one or two of the eight ships that are at present anchored there. Just what the gang was in search of or whether they secured anything could not be learned at the yard. It is reported around town that they were, apparently, in search of liquor that is alleged to be concealed on some of the ships. No details of the affair could be secured at the company's office.

# CHAMBER TO URGE POSTOFFICE AGAIN

To Take Steps to Continue Work for  
Independent Office for So. S. F.;  
Denounces Builders' Violence.

Although the postmaster-general refused, recently, to give his approval to the establishment of South San Francisco as an independent post-office, the Chamber of Commerce of this city declines to take this as defeat for the much-desired change. This was brought out at the Chamber meeting Tuesday night. It was pointed out by several members interested in the project that this decision on the official's part was probably given without knowledge of the receipts at the local office now. It was represented that since the locating here of the Western Meat Company's head office and the offices of other plants, that annual receipts at this postoffice would doubtless reach far in excess of \$10,000, the amount fixed by the post-office department as that which an independent office must have to secure free delivery. A committee was appointed to get information as to the business of the local office and to send telegrams to the postmaster-general, Senator Shortridge, and Congressman Free urging the independence of the local office.

Secretary H. E. Smith informed the members present that South San Francisco was to be given a write-up in an annual edition of the Commercial News of San Francisco, to be issued soon.

A communication was received from the Peninsula Bureau of Chambers of Commerce, stating that the bureau would be glad to indorse a proposition the local Chamber is fostering to secure a government appropriation for the dredging of a channel through the bar opposite this city.

A communication from the San Francisco Chamber stated that that body had refused to sanction a proposition of the "Welfare League of San Diego" to have children sell tags on the street, and another which purported to raise money for the benefit of veterans by the use of punchboards. The city Chamber warned that neither project seemed to have any official backing.

The Chamber went on record as denouncing recent acts of violence in this city and other peninsula points perpetrated by an organization styling itself the Rank and File of the building industries.

Judge E. E. Cunningham reported for the committee on the proposed highway to connect Linden avenue with the state highway at Colma or Daly City, that this committee had made a survey of the route Tuesday morning. Those looking the ground over were Judge Cunningham, Supervisor Thomas L. Hickey, Andrew Hynding, E. C. Peck, J. J. Martin, James T. Casey of Colma, Mr. Henderson of Mount Olivet Cemetery, and a representative of the Crocker estate. Judge Cunningham reported that Supervisor Hickey stated the county was ready to undertake the portion of the work that lay outside the boundaries of this city, but that about a mile and a half of the proposed road lay within the city limits. This, it was felt, would have to be taken care of by the South San Francisco Land and Improvement Company and the Crocker estate, owners of the property. Mr. Hynding, for the land company, stated that a meeting of the company's board of directors would be held soon, at which time the matter will be gone into.

A motion urging the city trustees to provide for the continuation of the tree planting campaign during the coming spring was passed.

## "FRANK" LAFRANCHI DIES AFTER LONG ILLNESS

Ambrogio Lafranchi, or "Frank" Lafranchi, as he was commonly known, died in this city Saturday after an illness of about two years. Tuberculosis of the lungs was given as the cause of death. The deceased was 47 years of age, and had lived in South San Francisco for about fifteen years. He was a native of Switzerland. He lived at 427 Commercial avenue and was a single man, with only one relative so far as known, a brother in Santa Barbara. The funeral took place Monday afternoon, with burial at the Italian Cemetery.

# WANT CHANNEL DUG THROUGH BAR IN BAY

Chamber of Commerce Boosts Project  
to Secure Deep-Water Roadway  
Between S. F. and Lower Bay.

The entire county of San Mateo will be benefited if a new project, being fostered by the South San Francisco Chamber of Commerce, meets with success. This is, in brief, the securing of a government appropriation to dredge a channel through the bar which lies in the bay along the shore on the west side. There is deep water on either side of the bar, but this sand spit lies directly in the path of a deep-water roadway between San Francisco and the lower stretches of the bay. The bar is understood to be about three or four miles in width, and, if the appropriation for the dredging of a channel through it can be secured, the largest vessels could ply between San Francisco and towns on the southern stretches of the great inland basin. This would make every town on the western shore of the bay in effect a seaport town, and shipping in this region would receive a great impetus.

A survey of the bay to ascertain the exact extent of the bar and the nature of its composition will be made in the near future, after which the matter of securing the appropriation will be taken up with Senator Shortridge and Congressman Free. Mr. Free is a member of the rivers and harbors committee of the house, and his co-operation would be of inestimable value. The Peninsula Bureau of Chambers of Commerce and Civic Associations has already expressed its willingness to help the local Chamber in working for the success of the project.

# NEW CURE IS FOUND FOR RHEUMATISM

Man Discovered Without Ralment Says  
Sure Cure; Why Not Try It?

A new cure for rheumatism has been discovered. All you have to do is to doc all clothing and the pains vanish. Roland Merritt, arrested by Constable S. A. Landini of Colma while prowling about the cemetery region Wednesday a la Adam, is sponsor for the cure, which probably will not become popular.

"You see," said Merritt, "when I went to China on a secret mission for the government my clothes were stolen by brigands. At that time I was suffering with rheumatism. For days I had to wander about the upper stretches of the Yang-tsi-Kiang just as God made me. All my rheumatism left me, and I decided then and there to give clothes the go-by."

Landini had a heart. He decided jail was no place for a nature man, so compromised.

"While in this neighborhood," he suggested, "wear something, I don't care what. And when you leave you do as you please."

## CURLEY NOW OFFICIAL IN LARGE ADVERTISING FIRM

The following news note that appeared in the San Francisco Chronicle last Friday is self-explanatory. Local friends of Don Curley, former editor of The Enterprise, will be glad to learn of his success:

"Don Curley, recently in charge of national advertising on the Chronicle, has resigned to become vice-president of Emil Brisacher & Staff, advertising engineers, with office in the Flood building. Curley is well known in newspaper circles, both here and in the East. Previous to his coming to the Chronicle he was owner and editor of The Enterprise, published in South San Francisco."

## MR. AND MRS. G. S. WELSH ENTERTAIN AT THEIR HOME

Mr. and Mrs. G. S. Welsh entertained a number of friends at their Miller avenue home last Friday evening. The guests were: Mr. and Mrs. J. O. Snyder and Miss Ruth Snyder, Mr. and Mrs. Charles Hooper and daughter Helen, Mr. and Mrs. Robert Benedict and daughter Helen, Mr. and Mrs. G. Hook.

Music was enjoyed and refreshments were served.

# PAVING BIDS ARE STILL HELD UP

No Action Taken by Trustees at  
Monday's Meeting; S. P. to Be  
Seen About Sewer at Track.

The acceptance or rejection of the bids recently received by the city trustees for the paving of several alleys in this city was again laid over at Monday evening's meeting of the city board. It is reported that all bids will probably be rejected, as it is felt that they are too high.

An application from G. Galli and E. Lombardi for a soft drink license was denied.

The application of Joseph Mainini and Enrico Colombo for a soft drink license for the California Pool Hall was laid over one week. Mainini and Colombo are reported to have purchased the place recently.

A. Hynding appeared with reference to constructing a sewer under the S. P. tracks in the vicinity of the steel mill. It was informally decided that members of the board act as a committee with representatives of the Chamber of Commerce and Manufacturers' Association to interview the railroad company regarding this proposition.

## MRS. LORENZETTI INVITES FRIENDS TO BIRTHDAY PARTY

Last Saturday night a large number of friends attended a birthday party given in honor of Mrs. M. Lorenzetti of this city. A delightful supper was served at 8 o'clock, after which the guests danced until the wee small hours of the morning. Among the guests were many of Mrs. Lorenzetti's friends from out of town, and all declared they had had a very pleasant evening.

# ARMED GUARDS NOW ON BUILDING JOBS

No New Disturbances for Week; Men  
to Vote on Returning to Work.

No disturbances on building jobs in San Mateo county have been reported this week. The troubles of last week, when several men in Hillsborough and one in this city were beaten by gangs of men who had left their work on new buildings being constructed, were followed by the arrest of William Flagler, business agent of the United Laborers of San Mateo county, Flagler being taken into custody by Burlingame officers and lodged in the jail at that city. His bail was set at \$500, but later reduced to \$250 cash. Flagler was charged with using violent, abusive language to J. A. Gattis, a painter, when Gattis refused to leave his job on order of the Rank and File of the building trades.

All building jobs in the county are now being guarded by armed men to prevent further disturbances.

All members of the Building Trades Council have been ordered to register a vote on returning to work on terms presented by the Industrial Relations Committee. The main points of these terms are a wage reduction of 7 1/2 per cent, no further reduction prior to November 12, 1921, before which date a new scale is to be arranged effective February 1, 1922, and building to be conducted on the American plan. The vote returns must be in the hands of the Building Trades Council by Saturday night this week.

## INTEREST GROWS IN NATIVE SONS AND DAUGHTERS' BALL

Judging from the interest manifested and from the reports of the general committee, the high school gymnasium in San Mateo will be taxed to its capacity Saturday evening, September 3d, when the big booster ball of the Native Sons and Native Daughters takes place. The ball is to be given under the auspices of the combined parlors of the Native Sons and Native Daughters of San Mateo county to assist in raising funds for the Admission Day celebration to be held at Halfmoon Bay. Harold Hexner of Redwood City is general chairman of the dance committee, and he is being assisted by representatives from the various Native Sons and Native Daughters' parlors in the county, who are leaving nothing undone to assure the success of the coming event.

# TWO AUTO ACCIDENTS IN TOWN SUNDAY

Two Cars Crash at Corner Grand and  
Linden and Two on Bay Shore  
on Hill by Tunnel.

Two serious automobile accidents in and near South San Francisco Sunday afternoon resulted in several people going to the hospital and damage that will amount to hundreds of dollars being done to four machines.

About 4:30 o'clock an automobile owned and driven by Max Benkert of 134 Duncan street, San Francisco, crashed into a car driven by R. Fahey of 518 Noe street, San Francisco. The accident occurred at the corner of Grand and Linden avenues, the Benkert in his machine were Mrs. Benkert while the other was coming north on Linden. The Benkert machine was completely overturned. With Mr. Benkert in his machine were Mrs. Benkert, who sustained minor cuts and bruises, and Mr. and Mrs. W. Waldo of San Francisco and son, the last three escaping without injury. Benkert suffered a fractured left arm. The three occupants of the other car were uninjured.

At about the same hour a car owned and driven by William B. Forbes of 547 Baden avenue, South San Francisco, met a machine owned and driven by Ben Geigler of San Francisco at the turn in the Bay Shore highway on the hill above the first tunnel. Three occupants of Forbes' machine were treated at the South San Francisco Hospital. Forbes, whose chest was crushed and his body bruised; Gus Poulos of 414 Commercial avenue, cuts about head and face, and Gus Anastopoulos, lacerations of head and chin. Paul Poulos, who was in the car, jumped when he saw the accident was inevitable and escaped injury. Forbes is still in the hospital, although his injuries are not considered serious. The occupants of the other machine were taken to the Central Emergency Hospital in San Francisco, and their names or the extent of their injuries could not be learned. Both cars were badly damaged.

## MANY ATTEND REVIVAL MEETINGS AT SAN JOSE

Many residents from all over the peninsula have been attending the revival and faith healing meetings being held at San Jose by Mrs. Almee Semple McPherson. These meetings are attracting wide attention, many wonderful cases of healing by faith being attributed to Mrs. McPherson. The meetings are held in a great circus tent and thousands attend nightly, packing the tent and standing around the outside. Local people who have been present at one or more meetings declare that the lame have been made to walk, the deaf to hear and the blind to see under the woman evangelist's magic touch.

## SOUTHERN PACIFIC BUYS MORE LAND AT VISITACION

In providing for increased switching room at the Bay Shore yards in Visitacion Valley, the Southern Pacific Company has purchased an additional twenty odd acres of land from J. P. Stoutmeyer for \$12,000, according to the terms of two deeds filed in the office of County Recorder T. C. Rice at Redwood City.

The property consists of two parcels, being lot 3, section 3, township 3 south, range 5 west, Mount Diablo base and meridian, and lot 15, section 10, township 3 south, range 5 west. The first parcel contains 12.90 acres and the latter about ten acres.

## IRA H. POTTER NOW HEAD CATTLE LOAN COMPANY

Ira H. Potter, formerly vice-president of the St. Joseph Cattle Loan Company and St. Joseph Stockyards Bank of St. Joseph, Mo., has been elected president and director of the San Francisco Cattle Loan Company, succeeding W. H. Coffinberry, who resigned recently to devote his entire time to the Bank of South San Francisco, of which he has been president for the past ten years.

Mr. Potter comes to his new position with fifteen years' past experience in livestock loans and banking business. He entered upon his new duties August 12th.

# WM. HIGHTOWER MAY CONDUCT DEFENSE

BELIEVED MURDER SUSPECT WILL  
REFUSE LEGAL AID; WOMAN  
SAYS MAN'S ALIBI OF BEING IN  
SAN JOSE WITH HER IS FALSE

The district court of appeal, upon the petition of Attorney William F. Herron of San Francisco, granted a writ of habeas corpus Thursday ordering Hightower brought into court at 10 o'clock Monday morning. This was Herron's second attempt to obtain a writ for Hightower. The attorney's previous attempts had been repudiated by the suspect, who said he intended to keep the matter of engaging counsel to himself.

It was reported Thursday that Hightower had been in communication with Attorney E. J. Emmons of Bakersfield, a former state senator, and that Emmons may act as attorney for the defense when Hightower goes to trial. Franklin Heck, law partner, was expected to arrive at Redwood City Thursday afternoon to confer with Hightower. In the meantime rumors are persistent at the county seat that sensational developments in the case may be expected, soon.

Although interest in the case of William Hightower, now held in the county jail at Redwood City charged with the murder of Father Heslin of Colma, is still keen, little of a striking nature has developed during the past week.

Last Friday Hightower was arraigned and given a preliminary hearing before Judge Ellis C. Johnson of Daly City, the session being held in the recorder's court at San Bruno, evidently with the purpose of avoiding the crowds that are following every movement in the development of the case. District Attorney Franklin Swart had charge of the hearing for the people, Hightower conducting his own case. The chief point of interest at this hearing was brought out during the examination of Doris Shirley, now Mrs. L. V. Putnam, formerly Hightower's consort and associated with him about the time the priest was kidnapped and murdered. In questioning her, the defendant strove to have her corroborate his story that they were at San Jose the night of the abduction. This Mrs. Putnam positively denied, thus exploding Hightower's alibi.

The defendant, who a week ago was deemed on the point of a breakdown and confession, has apparently rallied and now stoutly maintains his innocence. Several attorneys have volunteered to conduct his defense, but all these offers have so far been refused. The defendant is showing himself to be a man of keen mentality as well as of unusual physical endurance. The date of his trial has not yet been fixed.

District Attorney Swart created a stir recently by announcing that the abduction of Father Heslin was only one of four similar attempts that have been made on priests in the bay region recently, the others being unsuccessful. Swart declined to state where the other attempts were made or who the intended victims were.

## CAULIFLOWER GROWERS SUE VEGETABLE EXCHANGE

The case of John Zaro and John Depauli vs. the Vegetable Exchange of California was heard in the superior court before Judge George H. Buck Monday and submitted. The defendants are alleged to have entered into a contract with the plaintiffs to purchase all of the cauliflower raised on their property near Colma during the 1921 season at a price of \$1 per crate. A total of 7443 crates were delivered, the exchange paying at the rate of \$1 per crate for 4769 crates. The plaintiff sued for the balance claimed due of \$2674, and interest. The contention of the defendant is that the 2674 crates were received on consignment.

J. J. Bullock of Redwood City presented the case for the plaintiff, Eugene F. Conlin of San Francisco appearing for the defendant.

# NATIVE SONS AND DAUGHTERS PLAN GREAT CELEBRATION

The Native Sons and Native Daughters are working hard for the big Admission Day celebration that is to be held this year at Halfmoon Bay. All parlor in the county have united with committees appointed to assist in plans to make this the greatest Admission Day celebration that has ever taken place in this part of the state. Alvin S. Hatch of Halfmoon Bay is chairman of the general committee and Mrs. W. A. Brooke of that place is secretary.

The program, as outlined, includes a dance in the I. D. E. S. Hall Thursday evening; a parade Friday morning, commencing at 10 o'clock, with all Native Sons and Daughters' parlor participating, besides other fraternal organizations; literary exercises at 11 o'clock; barbecue for all at noon; games and sports in the afternoon, including baseball game; dancing in the afternoon, and a grand ball in the evening.

The barbecue will be in charge of Joe Greer of Palo Alto, the "King" of all barbecue men.

H. W. Lampkin of Redwood City will be master of ceremonies for the afternoon exercises and games. He will have an able committee assisting him. To create further interest in the day's festivities, a brand-new Ford car is to be given away by the committee.

Your home-town paper, The Enterprise, should be a weekly visitor in your home. A year's subscription costs but \$2.50.

# TOM HIGGINS' GREATEST FIGHT WITH THE INDIANS

Tom Higgins was a noted Illinois ranger during the War of 1812. One morning near Fort Hills the Indians ambushed Tom's company and killed several of them. As they fled to the fort, Higgins stayed behind, vowing that he would get at least one Indian before he retreated. He got his Indian, but just as he was preparing to mount his horse, Ranger Burgess, who was lying on the ground wounded, called out to him: "You won't leave me to the Indians, will you, Tom?"

Higgins stopped and attempted to lift Burgess onto his horse, but the frightened animal jerked the reins from Tom's hand and dashed madly away.

"You'll have to try to crawl to the fort, Burgess," said Tom, "and I will stay behind and keep redskins off." As Burgess crawled away, Higgins ran in another direction to lead the approaching Indians away from his wounded comrade. In a few minutes he was surrounded by the savages and they wounded him in the leg as he fled into a deep ravine. He was nearing the fort when three Indians rose up before him. One of them fired and the ranger fell, wounded for the second time.

With a wild yell the Indians rushed at him with uplifted tomahawks, but Higgins rose once more and shot one of them dead. The other two then attacked him with spears and tomahawks. Tom defended himself with his knife until he was knocked to the ground by a blow from a tomahawk which cut off one of his ears.

Finally the ranger tore a spear from the grasp of one of the Indians and thrust it through the body of the other. He was pulled to his feet as the savage fell. The surviving warrior retreated toward his rifle and Tom, undaunted by his wounds, staggered after him. The unequal combat had been seen by the people in the fort, but they were afraid to come to his assistance until a brave woman, named Mrs. Pursey, cried out: "I will not see such a brave man die!"

She sprang upon a horse and started to Higgins' aid. Shamed by her example, several men galloped after her. They reached the ranger just as a large party of Indians were ready to swoop down upon him. They threw Higgins, fainting from loss of blood, across a horse and carried him back to the fort in safety.

Higgins did not recover from his wounds for many years, but in his old age he was given a pension for his heroic act and was made a doorkeeper in the state assembly at Vandalia.

# S. P. URGES SHIPPERS TO USE CARE IN LOADING

Assistance of South San Francisco shippers in cutting down loss and damage to freight is being sought by G. W. Holston, agent of the Southern Pacific Company here, who has made a special appeal for proper packing, marking, and loading.

Mr. Holston pointed out that loss and damage freight claims, which on class 1 railroads mounted from \$23,346,965 in 1916 to \$104,398,930 in 1920, represent absolute economic waste.

"After settlement has been made," he said, "no one is better off than he was before the loss or damage occurred, while the country is poorer to the extent of the value of the property destroyed, and the shipper is annoyed at the failure of his goods to reach him in good order."

The Southern Pacific Company has inaugurated an intensive campaign among its employees during the month of September to demonstrate what can be done to eliminate loss and damage, and is asking shippers to join in a common effort to reduce this dead loss.

**Beard Stands for Health.**  
Dr. Arthur MacDonald, of Washington, has taken the role of the patron saint of the beard and is the author of a lengthy treatise giving many reasons why man should wear a beard. He claims that the beard offers immunity for many diseases which we are now subject to, including coughs, colds, toothache, relaxed uvula, desquamation and all the rheums. Besides this is the item of the saving of time usually spent in shaving.

Upon returning to their home in San Francisco after a pleasant vacation of two weeks in Los Angeles, Mr. and Mrs. Leo Pierce visited relatives and friends here Sunday.

Herbert Volkman of Berkeley and William J. Mowry intend to open a new drug store September 1st at the location formerly occupied by the Kiepen meat market, 6065 Mission street.

A marriage license was issued to Enrico Gariboldi, 46 Francis street, and Lillian Ratto, 548 Madrid street, San Francisco. The Ratto family were former residents here, having resided on Clara street, and are very well known. Miss Ratto's many friends wish her much happiness.

Arthur Dalton, eldest son of Mr. and Mrs. John Dalton of Ocean View, former Colma residents for years while Mr. John Dalton Sr. was employed as superintendent of the Lake Merced water works, called upon some of his old school friends during the past week. Arthur graduated from the Jefferson school with the 1913 class. He is the happy possessor of a new 1921 five-passenger Studebaker automobile. At present young Dalton is employed by the Southern Pacific Railroad Company.

### STORK VISITS HOME OF MR. AND MRS. G. RICCI

Mr. and Mrs. Guerrino Ricci are receiving congratulations from their numerous friends upon the birth of a fine baby son, who arrived at the Ricci home on Clara street Friday morning, August 19th. Mrs. Ricci previous to her marriage was Miss Palmera Ferrerio, a very popular and active member of the Girls' Club of Colma. This is the second Ricci son, Robert being the eldest. Mrs. Ricci is a sister of Mrs. John Schenone.

### GIRLS' CLUB MOURNS SECRETARY

With the sudden death of Miss Freda Wilke, the Girls' Club of Colma mourns the loss of one of its most active members. Miss Wilke was a charter member of the club and its secretary at the time of her death, having held that office for the past two terms.

### NATIVE DAUGHTERS PLAN WHIST PARTY AND DANCE

El Carmelo Parlor No. 181, N. D. G. W., of Colma is planning a whist party at Eagles' Hall, Daly City, under the management of an enterprising and efficient committee. A large attendance is expected. After the whist, dancing will follow.

### MISS FREDA WILKE IS LAID TO REST AT MOUNT OLIVET

Wednesday afternoon, August 17th, Miss Freda Marie Wilke, eldest child of Mr. and Mrs. Fred Wilke, passed away at St. Joseph's Hospital in San Francisco, after a short illness. Her death came as a shock to her numerous friends. Miss Wilke graduated with honors from the Jefferson grammar school in 1914. She has been in the service of the Pacific Telephone Company for the past five years, and was a prominent member of the Girls' Club of Colma. The funeral was held at Mount Olivet Cemetery Saturday afternoon from the parlors of Suhr & Wieboldt. The many grieving friends and numerous floral offerings spoke eloquently of Miss Wilke's popularity. The following acted as pallbearers: Charles Frahm, A. Schram, Rudolph Witt, Leo Shindler, Theodore Thiel, and John Hesseline. The deceased leaves to mourn her loss her parents, Mr. and Mrs. Fred Wilke; a brother, Gustave; two sisters, Elsie and Amelia Wilke, and a wide circle of relatives and friends.

### THE LARGEST BRICK BUILDING

THE Pension Office Building, Washington, D. C., is often referred to as the largest brick building in the world. That statement is easy to believe when one learns that 15,500,000 bricks were used in its construction. It is four stories high, exclusive of the basement, 400 feet long, 200 feet wide and contains 175 rooms.

The court contains eight columns, each eight feet in diameter at the base and 75 feet high. Each column contains more than 55,000 bricks and 1,449 square feet of plaster, all beautifully colored in representation of many historical scenes.

First occupied during the year 1885, this building was constructed as a memorial to the brave soldiers and sailors who had so well served their country during the Civil War, as well as to house the employees and records of the Pension Bureau.

The corridor accommodates 18,000 people and it is here that the presidential inaugural balls have been held.

Precious indeed are the records which are filed away in this great structure. In passing, it is interesting to note that the report of the commissioner in charge for a recent year, shows 748,147 pensioners on Uncle Sam's pay roll and the total disbursement as more than \$165,000,000.

### New Yorkers Get Lost in City.

Many of the lifelong residents of New York know little of the city's rapidly expanding transportation system. They are acquainted with those minor sections they use daily, but if they have occasion to travel to unfamiliar quarters they are as puzzled as the stranger. It is usually the newcomer, the resident of a few months or years, who even pretends to know the subways or the streets of any considerable section of the town.—New York Sun.

Not everybody who does you a favor is looking for you to do him one, but not everybody will refuse to accept the favor, either.

### PROFIT IN STATE DEPARTMENT.

For the first time in its history the State department is on a paying basis, remarks the Independent, New York. An obscure Texas congressman tacked on to the last appropriation bill an amendment providing a \$10 charge to be made for passports and passport visas, and that no one could enter or leave the country without a passport. So far the State department has taken in from passport fees about \$11,000,000 and the department wants the provision made permanent.

### ART AND INDUSTRY.

"Josh," said Farmer Cornstossel, to his son, "I wish you'd quit practicing the ukelele and take up the slide trombone."

"What for?"  
"I think it's more improv'n'. It'll help your lung power for drivin' cattle an' give your arm a little exercise for swingin' a scythe."

Boost for your home town.

### Was Man of Few Words.

When J. K. Paulding was secretary of the navy he wrote to the postmaster of a small village in the South as follows: "Sir: This department wishes to know who wfar the Tombigbee river runs up." The answer came back: "It runs down." The postmaster-general was informed of the affair, and failed to see the humor of it. He wrote a letter to the postmaster that said: "Sir: Your appointment as postmaster is hereby revoked. You will turn over funds et cetera pertaining to your office to your successor."

In no wise put out the postmaster once more took up his pen, and the postmaster-general received this: "The revenue for this office for the quarter ending September 30th has been 65 cents; its expenditures, same period, for candles and twine, 35 cents. Please instruct my successor to adjust balance."

Queer fashions make queer folks.

When a man asks you for advice he doesn't want it, but wishes you to agree with him.

### OPTIMISTIC AMERICA

The American people are optimistic. Nothing ever appears to cause them serious alarm or concern. They can't see the dark side of anything. The sun always shines for them.

The long, dry summer, costing hundreds of millions of dollars in stunted crops, causes some disappointment, but no lamentations. The farmer just makes the best of it and sails right along on his course, firm in the conviction that what he loses this summer he will make up at another time.

The business world, at the low ebb of a long period of depression, never loses its head or makes any serious complaint. Diminished sales and disappearing profits can not cause it to lose its supreme faith in the future. It builds in adversity today for success in prosperity tomorrow.

It is so in every walk of American life, in every sphere of American occupation. It is the American spirit, which never admits defeat—which sees only future victory in the midst of present adversity.

South San Francisco is a fair sample of the hundreds of thousands that dot the land of free America. We recognize conditions as they exist, and adapt ourselves to them without wasting valuable time in bemoaning our misfortunes.

But we have no intention of remaining in this state of temporary depression.

We know that a change is on the way and that with a little patience we will welcome its arrival.

The American spirit of optimism is the one that wins most in the end.

### CHAMP PUBLICITY STUNT

Los Angeles wanted a shoe factory. The Chamber of Commerce pulled a hundred per cent publicity stunt to get it.

A popular movie star was prevailed upon to act a new part in bringing a shoe factory to the Pacific Coast.

She was not a person who made you weary to look at, and she was forthwith dressed from head to foot in togs made in Los Angeles. Gown, underclothes, hat, gloves, parasol, corset, jersey, belt, garters, and facial decorations were made in the movie city of the world. All but shoes—the maid was compelled to appear at a Chamber of Commerce banquet in her stocking feet—thus disclosing to the world the missing manufacture.

A beautiful photo of the Los Angeles-clad movie star—minus shoes—was sent to every shoe factory and commercial organization in the world. The Chamber of Commerce is overwhelmed with propositions to build shoe factories at Los Angeles. Can you beat it?—Industrial Review.

### YOUR FOREIGN INVESTMENT

News dispatches from Washington recently informed us that there was an "understanding" under the Wilson administration whereby the payment of interest on the ten billions of dollars owed to us by certain foreign governments was to be deferred for something like twenty-five years.

Indications now are that the present administration will adhere to this "understanding."

There are something over a hundred million people in the United States. Ten billions of dollars, with interest now due and unpaid, means one hundred dollars, pro rata, for every man, woman, and child in this country. That represents your forced loan to foreign governments.

Apparently you are not to expect any interest on this loan for twenty-five years or more. You should not be surprised if you never see either the interest or the principal.

Think what a blessing it would be to the people of this nation if a house-cleaning such as Ford gave his plant, to rid it of the "heritage" of war waste, could be given to the various branches of our national government and weed out the dead timber and useless jobs which will be a hangover from the war and a burden to the taxpayers for years to come.

The British coal strike has come to an end through a strained process of starvation, with neither side claiming victory. The loss to all has been tremendous—three months stoppage of what was, until very recently, the key industry of the United Kingdom, and there was no offset to it, just dead loss to strikers, mine owners, and public.

A United States senator junketing in Germany writes that the debts owed us by foreign governments are paralyzing trade with this country. If that be the disease, it would seem that the logical remedy would be to pay up.

As an optimist of the first water, Postmaster-General Hayes is it. He believes the public would prefer to pay 25 cents for a special delivery stamp instead of paying the present price of 10 cents.

If each citizen had one of those guns that shoot three hundred miles we might load up the battery and drown out some of that congressional noise.

Mother Eve set the fashion in abbreviated dress, and a few of her feminine descendants are striving nobly to teach even her a few tricks.

The Russian bolsheviks, having failed to annihilate the world, are now begging the world to prevent starvation from annihilating them.

The fellow who is looking for a scrap is always the last to lay away his gun. Japan has been hedging on the matter of disarmament.

Seems to us it is about time for some one to begin talking about profiteers again. Or has everybody concluded to join in the game?

About the most notable thing in connection with the general depression in business is the fact that it is general.

The fortunate man is generally the last one to recognize the fact. He is always yearning for something better.

The world is loud in its demand for permanent peace and silent in its feverish preparation for the next war.

True courtesy demands that you laugh when your friend repeats his favorite joke—but not at him.

There are people, of course, who live to learn, only to die and be forgotten.

Truth is mighty, but it is often circumvented by a sneaky little lie.

### NO CHANCE OF S. P. PUTTING ELECTRIC EQUIPMENT ON LINE

There is little or no chance of the Southern Pacific Company electrifying its line between San Francisco and San Jose, according to a statement of Paul Shoup, vice-president of the railroad company, to Frank Kasson, city clerk of Palo Alto. The plan is impractical, according to the railroad official.

The great petition to the railroad, signed by thousands of San Mateo county residents and asking for the electrifying of the road, was recently sent to S. P. headquarters. The document was forty feet in length.

## A. G. MEEHAN NEW MARSHAL OF CITY

Resignation of T. E. Gaudette Accepted by Board and Meehan Appointed at Meeting Wednesday Eve.

Wednesday night the city trustees met in regular session, the full board being present. The hall was filled with an interested audience come to find out who the new city marshal would be, all candidates being present in person.

The trustees decided to suspend the regular order of business to enable Mr. Ferguson to present his report to the board relative to the reducing of the city's lighting bill, which now amounts monthly to \$440, as against \$360 in South San Francisco.

Mr. Ferguson presented drawings showing a rearrangement of the lights which would make a monthly saving of \$80. His plan would be to move all lights from the center of the streets to the intersections and reduce some of the high-power lamps to a lower power. Were this suggestion carried out as outlined, a total monthly saving of approximately \$123 could be effected. As regarding the proposition of the board to cut off the lighting of the streets one or two hours after midnight, Mr. Ferguson stated that this would involve an expense of probably \$3000, and just what the saving would amount to he was unable to say, but they were figuring out this matter and at the next meeting of the board he would probably be able to give exact figures. The board decided to wait until all figures were in its hands, but that meanwhile Commissioner of Fire and Light Patrick Kane should make a general survey of the city and report on the matter.

On the board resuming the regular order of business, the city attorney brought up the matter of natural resources being exploited by the state rather than by private interests. In accordance with this, the following resolution was adopted:

"Resolved, That this board is opposed to the purchase by private interests of any of the natural resources of the state, especially those affecting hydro-electric power."

The following building permits then came up for action: C. L. Turner, for building a garage on his property in Huntington Park. Referred to Commissioner O'Connor. Mrs. Cohen, to put in a concrete foundation to her residence on Mastick avenue, Third Addition. Granted. William Moe, to build a garage on his property, Granted.

The resignation of T. E. Gaudette as city marshal was read by City Clerk Miss Willits and unanimously accepted, after which applications for the vacant position were received from the following: Thomas H. Dixon, Carol Lewis, A. G. Meehan, R. W. Buzzard, and William H. Maher. A vote resulted in the unanimous selection of A. G. Meehan, who was at once sworn in by the city clerk.

Mr. Meehan was formerly city marshal and did good and efficient work while holding the office, and will doubtless make a good officer. He has a natural talent as a detective, in addition to which it is work that he has a real liking for.

The Daddies' Club sent in a request for the holding of a public dance on Admission Day, which was granted. An application was received from Frank Batmale of the Bellevue Tavern, asking for a permit to allow his

Frank Custer is at present visiting in Canada, and reports having an enjoyable time.

Mrs. Charles Dunlap is home again from the hospital, where she underwent an operation for appendicitis.

Mr. and Mrs. Gignon moved into their new residence in Huntington Park Thursday from Fourth Addition.

Whooping cough is at present prevalent in San Bruno. Parents should take all precautions accordingly for the protection of their children.

Mr. and Mrs. Louis Figone have taken up their residence in the new bungalow on Elm avenue, between Clark and Crystal Springs road.

Mr. and Mrs. Hughes' little girl, Carol, is now getting along better than she was last week, and there is now every chance of complete recovery.

Charles L. McInerney of San Francisco will be the orator of the day on the occasion of the Admission Day celebration, his subject being "California."

The Holsum Bakery Band has volunteered its services for the parade for the celebration on Admission Day. It is also hoped to have a local band on this occasion.

Preparations for the gala day on September 9th are proceeding apace, and all committees are busily at work getting everything in shape for this special occasion.

Mr. and Mrs. Dunn were in San Bruno Tuesday. They stated that they had no immediate intention of living in San Bruno on account of Mr. Dunn's business interests.

patrons to dance by the electric piano installed on his premises. Mr. Batmale was informed that so long as such dancing was confined to the patrons of his restaurant a permit was not necessary, but that he would be expected to obtain a permit were he at any time to hold a regular public dance.

The matter of the unsightly fence around a lot in Third Addition, with the addition of a tool shed in one corner, was again brought to the attention of the board, with the result that the marshal was instructed to inform the owner he would be required to appear and explain why he put up this fence and shed without getting permission as required by ordinance.

The clerk was instructed to write Mr. Wall of the Municipal Improvement Company and ask when he would commence street work in accordance with the contract entered into between his company and the city.

Mrs. Knutson has returned to San Bruno, after spending considerable time in Texas near Breckenridge, where are located the big oil fields. She expresses herself as delighted to be back again, she having found the Texas climate very trying on account of the intense heat.

The grand whist party to be given by the Brotherhood of American Yeomen next Tuesday night at Carpenters' Hall promises to be very largely attended. On this occasion twenty valuable prizes will be competed for, while a door prize will also be given away. A bumper crowd on the evening in question is assured.

The Blue Bird Club will give a dance and entertainment at California Hall Saturday evening, and from all appearances a crowded hall is certain. Twenty door prizes are to be won, as well as several useful and handsome whist prizes. It is hoped this event will prove all its energetic promoters could wish, for the work that the club is organized to promote, the welfare of the boys and girls, is deserving of support.

## R. C. STICKLE GETS CONTRACT FOR NEW BURLINGAME SCHOOL

Burlingame is to have a brand-new grammar school before December 1st, according to the terms of the contract just let to R. C. Stickle of South San Francisco. The cost of the building will be \$21,666, and the work is to be completed in ninety days.

W. L. Hickey of this city was awarded the contract for the plumbing and heating of the building.

Pershing grammar school is the name that has been selected for the new building, the location of which will be at the corner of Crescent and Newlands avenue. The building, designed by Captain E. L. Norberg, a Burlingame man, will contain five classrooms of the most modern type. The exterior will be colored plaster walls, crushed stone roof and an entrance of red brick.

The work was financed through the sale of bonds recently voted by this district.

## THIS EDITION

The editor had only one day to prepare this edition of the "Blue and White," and, as news was scarce, the edition this week will be smaller than usual. We hope in the future to make a better showing than this edition shows.

## GREETINGS

We wish to extend greetings to all those who read the "Blue and White." We hope you will enjoy reading this page and, as you read it, think of the high school in the best of terms. We will do our best to make this page a success and hope to do as well as the staff of last year. We ask you to help us in any way you can, and we would be glad to receive suggestions from the school or the public.

## EVERY LITTLE HELPS!

The "Blue and White" is a school paper edited every week by the editor and the staff. Its purpose is to summarize the happenings of each week and to promote further interest and spirit in school affairs.

To enable the editor to do this and to have each issue bigger and better than the rest, the co-operation of every student is needed.

Let's try to make this paper a paper worthy of our school. The more contributors we have, the better the "Blue and White" will be.

Let's all help in making the "Blue and White" a paper that will be interesting and appreciated by every one.

Forbes ebbe il suo stomaco gravemente colpito mentre Gus Poulos e Gus Anastopoulos soffrirono ferite

## BACK AGAIN.

On Monday, August 22d, the South San Francisco schools opened. There was a larger enrollment than ever before and old friends met at every turn. The majority of the students came back with new enthusiasm and plans are being made to make this year the best since the high school has been started in scholarship, athletics, and school functions. If we combine last year's "pep" with our plans, our aims will probably be won. The old spirit was present, and we expect the new scholars will soon get settled into the rythm of the school and things will begin in earnest. One of our school songs started the first day of the new term.

All of the teachers are present with the exception of Miss Bullwinkel. Miss Franklin will take her place. Mr. Reed will teach mathematics in the high school during the present year. We hope these new teachers will find that our school is one of the best, although it is not very old, and that we are not as stupid as we sometimes look. We should remember, however, that it is the pupils who comprise the school that make the school good or bad. If we wish to make a good impression or wish to make our school the best, each individual scholar should be personally interested and try to live up to this standard.

L'UFFICIO DELLA POSTA

Quantunque il capo generale delle poste avesse rigettato la richiesta della Camera di Commercio di South San Francisco, chiedente che l'ufficio di questa citta' fosse indipendente, pure la Camera decise alla sua riunione Martedi' d'investigare di nuovo la cosa.

L'ammontare delle ricevute di questo ufficio sara' accertato e telegrammi spediti al capo poste generale, Senatore Shortridge e dal Congressman Free urgendo che questo sia fatto ufficio indipendente.

La Camera ha denunciato gli atti di violenza commessi da alcuni membri del building trades in questo stato.

Tutti questi lavori sono ora guardati da uomini armati per impedire altre dispute.

I TRUSTEES NON  
PRENDONO AZIONE PER IL  
SELCIATO DELLE STRADE

Si credeva che il concilio dei trustees avrebbe rifiutato tutte le offerte ricevute per selciare i chiassetti in South San Francisco. Questo non fu pero' fatto, tuttavia nessuna azione a tale riguardo fu presa.

Il concilio tenne una corta adunanza alla quale pochi furono gli affari di alcuna importanza discussi.

I SUPERVISORS DICHIARANO  
CHE LA STRADA E'  
UN PASSO PUBBLICO

I supervisors della contea tennero una riunione speciale per decidere lo stato della strada Greer a Woodside. A. C. Hellman compianghe che il suo vicino F. H. Huddart ha costruito una siepe traverso la via. I supervisors dichiararono che la strada e' un passo pubblico e che percio' il Signor Huddart debba rimuovere la siepe.

L'agente di rifornimento della contea fu autorizzato di comprare due motociclette per gli agenti motociclisti in cambio delle due vecchie.

Una lettera dalla Camera di Commercio di Santa Cruz invitava il concilio ad attendere al corteo che marchera l'apertura della strada da Los Gatos a Santa Cruz oggi.

I supervisors accettarono l'invito. In accordo alla riunione prossima che accadrebbe in giorno dei Lavoratori il concilio si riunira Martedi' 6 Settembre.

## GOING ON A VACATION?

We suggest that if you are going on a vacation or are going to be away from home for any reason whatsoever that it is far safer—and of course many times cheaper in the end—to rent a Safe Deposit Box in which to store your bonds, stock certificates, mortgages, insurance policies and other valuable papers together with your silver and jewelry.

During your absence, should fire attack your home—and an insurance policy does not provide against loss by fire of any of the above—or should your home receive an unwelcome visitor in the person of a burglar, it will be a relief to come home and know that your valuables are safe in the vaults of this bank.

A Safe Deposit Box will provide protection not only during vacation times but through all the year as well. You can rent one for a year for LESS THAN A CENT A DAY.

## PRACTICAL RECIPES

### CORN CHOWDER MADE FROM SALTED OR FERMENTED CORN

Some fermented and salted vegetables, like cucumbers, are eaten raw; others, like cabbage (sauerkraut), are usually cooked. In general the fermented and salted products may be prepared for the table in much the same manner as the fresh vegetables, except that before being cooked they should be soaked in fresh water for several hours or longer, if necessary, to remove the salt, the water being changed several times. In some cases it may be necessary also to change the water once or twice during the boiling of the salted vegetables. In this one should be guided by taste.

To prepare the fermented or salted corn for the table, rinse it thoroughly and soak for four or five hours, changing the water frequently. In general it will be found more satisfactory to remove practically all the acid flavor from the fermented corn. After soaking, place the corn in cold water and bring to boil, pour off the water, add fresh cold water, bring to boil again, and cook until tender. The cooked salted or fermented corn may be used in many ways. The following recipe for corn chowder is recommended by household specialists of the United States Department of Agriculture:

**Corn Chowder**  
 ¾ pound cold beef, or  
 ¼ pound salt pork or bacon.  
 2 potatoes.  
 1 onion.  
 ½ green pepper.  
 1½ cups cooked corn, or more.  
 1 cup tomatoes.  
 3 tablespoons flour.

1 cup milk or cream.  
 1 teaspoon salt.  
 ¼ teaspoon pepper.

Cut the beef or pork into cubes; cover well with water. Add the tomato and cook slowly for about two hours. Then add the potato, onion, pepper, corn, and seasonings. Cook until the vegetables are tender. Mix the flour with a little cold water, add to the other ingredients, and cook slowly for five or ten minutes. Add the milk or cream. Serve hot.

### GOOD RINGS NECESSARY TO PREVENT SPOILAGE

Spoilage of canned goods frequently has been traced to the use of poor rubber rings. The fruit or vegetable canned may be fresh from the garden, the jars and tops may be perfect and absolutely clean, the processing may be done in the right way for the right length of time, but if the rubber rings are not reliable, much of the good work goes for naught.

The best quality of rubber ring is needed by the housekeeper who uses any method of canning in which the ring is heated with the jar and its contents. If the rubber ring develops imperfections after it has been heated the required time, it is necessary to replace it and again process the jar. Canning demonstrators of the United States Department of Agriculture have been studying the requirements of a good rubber ring in order to eliminate this cause of canning trouble.

Tests of thousands of rings disclosed the fact that color, despite popular opinion, has nothing to do with the quality or strength of the rubber. A ring should be able to support a weight of thirteen pounds without breaking.

To make a perfect seal, rubber rings should possess elasticity enough to take up the unevenness of the jar and the cover, and be strong enough to resist cutting when the seal is made. A ring that can not be pinched or folded without breaking is useless for canning by methods in which the ring is heated (processed) with the jar and contents.

### MAKING A BED PROPERLY IS ESSENTIAL IN HOUSEKEEPING

Not every woman knows how to make a bed properly, although her linen closet may be enviably well filled with all the necessary sheets, pillowcases, and coverings. The home demonstration agents of the United States Department of Agriculture and the state agricultural colleges are encouraging clubs of girls to furnish and care for their own rooms, and these are the directions they give for correct bed making:

First, straighten the mattress pad so that it lies smooth and without wrinkles. Over this spread the under sheet, right side up, with the wide hem at the head and the center of the sheet to the center of the bed. The comfort of a bed depends in a large measure on tucking in the under sheet so securely that it remains smooth and straight. Making mitered corners is one of the best ways of doing this, and any person who has had nurses'

training can quickly show you how to make them. Next, put on the upper sheet, right side down, and allowing for a generous turnover at the head tuck it in at the foot, using mitered corners. Then, put on the blankets so that their top edge comes about 9 inches below the head of the bed; turn the upper sheet back and tuck in all edges. Last of all, put on the spread, draw it smooth and straight, and arrange the pillows.

### Ben Is on the Warpath.

Ben Cramer says that if the Courier man ever puts Ben Cramer's name in the paper again that Ben Cramer will kill us. Now we wouldn't have Ben Cramer kill us; first, 'cause we don't want to die, and second, we would hate to have Ben Cramer hung for killing us; so we are not going to put Ben Cramer's name in the Courier any more unless Ben Cramer does something where we can't get along with-
